SOFT SKILLS

PROBLEM SOLVING

TEAM COLLABORATION

EXCELLENT COMMUNICATION SKILLS

ADAPTABILITY AND WILLINGNESS TO LEARN

TECHNICAL SKILLS

- HTML,CSS, JAVA-SCRIPT, REACT, SASS & FLUTTER

- BOOTSTRAP, TAILWIND & MATERIALIZE

- PHP & SQL

- MOBILE APP DEVELOPMENT (ANDROID)

- FAMILIARITY WITH JIRA AND AGILE METHODOLOGIES

PROFILE

I am a computer science graduate passionate about software development. I aim to leverage my skills in designing, developing, and maintaining software applications to contribute to the growth and success of an organization. I thrive in dynamic and flexible environments, enjoy communicating with people, and am always eager to learn new things and tackle creative challenges.

WORK EXPERIENCE

Software developer intern

Akilli-X   Sep 2024 - Present

- Designed, developed, and tested features in four mobile applications, including backup and restore functionality, QR scanning, localization (adapting an application to support different languages)
- Implemented search capabilities to improve user experience.
- Designed and developed user interfaces for multiple applications, ensuring a seamless and intuitive user experience.

Part time Coding instructor

NOI coding kids   Feb 2024 - Present

- Delivered instructional sessions on web development, including JavaScript, HTML and CSS
- Develop and update lesson plans, assignments, and assessments.
- Provide practical demonstrations and supervise hands-on projects.
- Assist students with coding, debugging etc.

- Documented and communicated client-requested changes to ensure alignment with project deliverables.
- Coordinated projects by briefing developers on required deliverables.
- Generated weekly and monthly reports using Microsoft Word and Google Sheets.
- Maintained effective communication with developers through regular meetings.

Software developer (intern)

Minds In Action   May 2021 - Oct 2021

- Collaborated closely with the team to develop databases for mobile applications, ensuring optimal performance and seamless user experience.
- Designed user interfaces (UI) for the mobile applications, working collaboratively with team members to create visually appealing and intuitive designs.
- Contributed to the development process by implementing key features, including but not limited to booking functionality, user authentication, and search capabilities.
- Provided assistance to team members in addressing software bugs and efficiently implementing User Interface designs.

Invigilator

Ministry of Education   Oct 2020 - Dec 2020

- Examination venue preparation by placing candidate numbers, examination papers at desks in accordance with strict procedures
- Assisted the candidates before, during and after the examination by directing them to the seats, dealing with queries, performed final facial identification and possessions inspection.
- Delivered and collected scripts at the start and end of each examination session in accordance with strict examination procedures.
- Supervised candidates in leaving the examination venue in a quiet and disciplined manner.

RE: Dionne Kauandenge Recommendation Letter

Ms. Dionne Kauandenge has served as an intern mobile developer, since September 2024, and recently got promoted to a Junior Software Developer at Akilli X. I have worked as her supervisor and am pleased to vouch for her creative problem-solving skills and mastery of Agile Principles of Software Development.

Dionne is a delight to work with. She is diligent, disciplined and does her work in a timely and professional manner. She is a very focused young lady and has demonstrated great maturity and solid decision-making skills under pressure and time constraints. Dionne has evolved into a leader in her time with us. She has displayed great leadership qualities and endurance to also develop others around her.

Dionne has great technical skills. She is an excellent system requirements analyst and understands how to gauge information from her clients to overcome new obstacles. She has learned to organise her coding tasks with minimal effort with clean code architecture to write maintainable code. As a company, we vouch for her development skills in the following technologies: Flutter, Firebase, SQL Database Programming, User Interface and User Experience Design and systems architecture design.

It is an absolute pleasure working with Dionne. We are immensely proud of her growth and potential. She is a flexible developer and can adapt into any environment in little time. As a co-founder and her senior developer, I highly recommend her for any technical role whether as a frontend, backend or database engineer.

Kind Regards,

Mr. Petrus Nauyoma

CTO and Co-founder of Akilli X
